Tuesday, June 18, 2019 8:00 am – 3:30 pm

*Breakfast and lunch will be provided.*

**Maryland Patient Safety Center  
Building I  
6820 Deerpath Road  
Elkridge, Maryland 21075**

*Registration and Continental Breakfast begin at 8:00 am.  
Training will begin at 8:30 am.*

**Program Overview**

The Maryland Patient Safety Center is offering an all-day foundational program in patient safety for individuals interested in learning more about patient safety to improve care and quality in their organizations. This program will cover the history of patient safety, creating a “Just Culture”, tools basic to patient safety and quality improvement and how to use them, developing a unit-based patient safety program, and including the patient and family in patient safety.

**Learning Objectives**

At the end of the program the participant will be able to:

1. Utilize basic tools to improve patient safety and quality at their own organization
2. Describe the key components to set up a unit-based patient safety program
3. List strategies to include the patient and family in patient safety

**Who Should Attend**

This program is designed for any healthcare worker interested in learning about patient safety, new patient safety officers, new quality improvement professionals, and anyone with a desire to improve patient safety in their organization.

**The Faculty**
